## Our school strategies are on track to meet or exceed our targets

During 2014, we have focused on maximising the benefits of this funding for our students. After reviewing our *Great Results Guarantee* agreement, it is clear that we are on track to meet or exceed our targeted student outcomes. We continue to implement our strategies to ensure that every student succeeds.

Strategies implemented include:

- Purchase of the Write 2 Spell 2 Read program for all schools with Professional Development delivered to all staff and interested parents across the Longreach geographic area.
- Implementation of Instructional Rounds observing the implementation of the Write 2 Spell 2 Read program.
- Employed an educational expert to lead the collaborative process of adapting the Curriculum into the Classroom materials to meet the identified specific learning needs of all students with a clear emphasis on the vocabulary demands and specifying the literacy and numeracy demands of each unit.
- Collaborative progress made on the research into the purchase of an iPad for lesson observations, feedback and coaching to improve the capability of the teaching staff in the Coalition of Western Small Schools.
