TO STRIVE IS TO SUCCEED

Term 4 Week 1 2022

Principal's Address

by Colin Crowther

Hello,

Welcome back to Term 4.

With only 8 weeks of school left, we are definitely on the home stretch. Everyone has returned with some great stories from the holidays and may need another break to get over the Jundah Rodeo and Races. Our family had a wonderful break at a family wedding in Mt Tamborine before heading to our property in Inverell for a week of farm work.

Term 4

With a busy term ahead remember to lock these dates into your calendar.

- Week 2: 10th-13th of October – Mr Crowther away at State School Principal Conference
- Week 6: 7th – 11th of November - Bedourie Splash and Arts
- Week 9: 2nd of December - Christmas Concert
- Playgroup: we are offering a number of playgroup sessions this term.

Remember to keep an eye on the Term 4 planner on the last page of the newsletter.

Cheers,

Colin

Playgroup – Week 7
Friday 18 November 2022

Christmas Concert
Friday 2 December 2022

Last Day of School
Friday 2 December 2022

Fundraising

Thank you to Megan for organising the cocktail tent at the races. With help from Amy and Deonie we managed to serve their fair share of Thompson Ticklers, Jundah Sunsets and Barcoo Refreshers. The ladies managed to raise over \$1000 for our snow camp in 2022. Students also seized the opportunity to sell some lolly bags and coasters. They raised \$230 for their project club.

Term 4 Curriculum

English - Reading, writing and performing poetry

In English this term our focus will be around writing, comprehending and presenting poetry. We will be looking at rhyme, rhythm and poetic devices used to entertain an audience. You may hear some verses presented for homework throughout the term.

Maths

In Maths this term our focus will be around manipulating numbers to 100, fractions, skip counting, division and money. All students made wonderful improvement in their number fact recall last term and this will continue to be a focus in term 4.

Science - Chemical Sciences

Year 1-2: Students will investigate combinations of different materials and give reasons for the selection of particular materials according to their properties and purpose.

Year 3-4: Students investigate physical properties of materials and consider how these properties influence the selection of materials for particular purposes.

Year 5: Students will investigate changes that can be made to materials and how these changes are classified as reversible or irreversible.

Practice Makes Perfect

Money

To enhance the students' learning about money and financial maths we encourage them to practice in real life situations. If you're heading to the store or have coins and notes at home, provide them hands on opportunities to experience using money.

Project Club

by Grace Miller, Vice Captain

Jundah Races Student's Store

At the Jundah races, the Student's Project Club sold lolly bags and Jundah coasters made from our 3D printer. We excitedly sold out of all our merchandise and ended up with a total of around \$250!! The Student's Project Club will spend the money on things we want to buy as a school. Thank you to everyone who supported us.

School Sign

Have you seen it yet?

Over the school holidays we had our new digital school sign installed. We hope for it to be up and running very soon. Thank you to the P&C for your contribution towards the purchase.

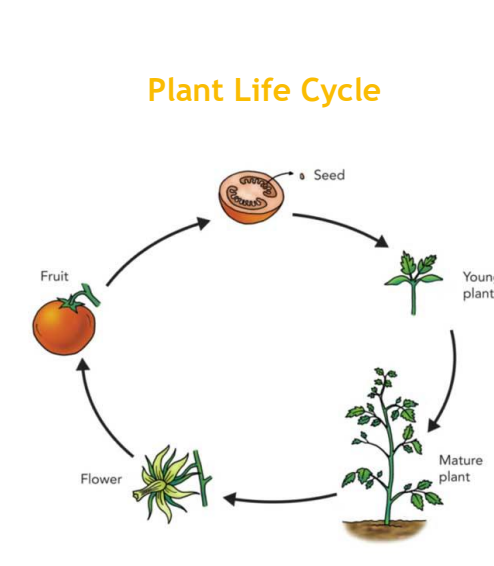

Keep an eye out for our school updates. The students are very excited to see it in action.

Vegetable Garden

Grow your own food

At the end of Term 3, our wonderful grounds lady, Miss Yvette, took the students for a session to commence their vegetable gardens. Each student has their own section and they planted silverbeet, tomatoes, carrots, beetroot and capsicum. Each morning during our fruit break, the students walk past the garden beds and water their crop. We have started seeing quite a few sprouting and the seedlings are growing well.

Save the Date ✨

Concert, Graduation & Christmas Tree

Friday 2nd December 2020

Lock the dates in your calendar to come along and help us celebrate.
More event details to come.

Term 4 Planner
